

THE LEADERSHIP ASCENT

The results are in! Over 30 frontline leaders completed 40 hours of training with LEADERSHIP BASECAMP and we measured the impact.

ON AVERAGE, THERE WAS AN 11% IMPROVEMENT IN LEADERS' CONFIDENCE ACROSS ALL COMPETENCIES.

IN WHICH AREAS DID CONFIDENCE INCREASE THE MOST? Let's break it down for you!

Motivating employees

Act quickly to correct inappropriate or disrespectful behavior

Separating my role as a supervisor from personal relationships with coworkers

Creating an inclusive and fair work environment

PRIOR TO THE COHORT, participants said

their lowest areas of confidence were:

- Motivating employees
- Leading different personality types
- Quickly addressing performance issues

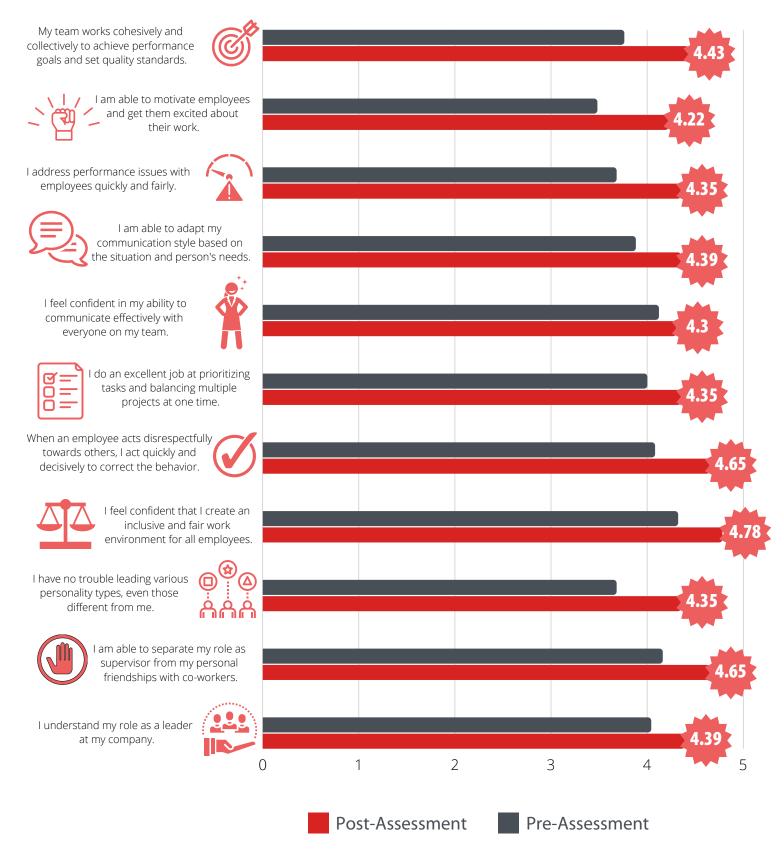

"What we learned and THE CONFIDENCE THAT WE GAINED continues to pay dividends and I'm sure will be a lasting investment."

"Leadership Basecamp helped me improve my ability to COMMUNICATE EFFECTIVELY and be more comfortable with having difficult conversations."
